Ford Expedition Passenger Side Pole Mount

- 1.) Remove passenger side seat bolts.
- 2.) Place mount bracket on **top** of seat rails.
- 3.) Use 3/8" washers as shims to take up gap between seat rail and Lund Bracket.
- 4.) Install factory bolts and washers and tighten securely.
- 5.) Add sheet metal screw or nut and bolt to front hole if needed for added support.

Caution: Be sure NOT to drill or screw into anything under the carpet or vehicle (wires, lines, etc.) when mounting the pole.
