Impala Passenger Side Mount INSTALLATION INSTRUCTIONS

- 1) Place mount on floor in front of passenger seat with pole next to transmission hump and notch on left corner next to the inboard seat track.
- 2) Attach mount to floor using 4 sheet metal screws (not supplied) through the holes in the top plate and into the floor cross member.
- 3) Loosen clamp handle for pole upper assembly, rotate pole upper for comfortable reach and computer viewing and tighten handle.

BE SURE TO CHECK UNDER THE FLOOR MAT FOR WIRES OR CABLE BEFORE DRILLING ANY HOLES
