2002-03 Dodge Intrepid Console Mount Instructions

1. Remove inner front seat bolts.
2. Mount left and right side brackets to front seat rails using factory bolts.
3. On top of transmission hump, between the rear heat outlets, locate two factory studs under the floor mat. (The studs are in a depression which can be located by pushing on top of the floor mat.)
4. Carefully cut mat to expose studs.
5. Mount rear plate to studs. Tighten.
6. Mount rear 'L' bracket to plate.
7. Adjust position of console, bolt brackets to console and tighten all bolts.
